WELCOME TO THE WORLD OF GECO OPTICS!

Gustav Genschow & Co. (GECO) started selling binoculars under the GECO brand back in the 1930s. Following on from this tradition, GECO today offers binoculars and riflescopes in the highest optical and mechanical quality at a uniquely unbeatable price. They are focused and adapted to the most exacting demands of hunters, sports shooters and nature lovers and can be used anywhere, true to the motto: „GE CO - ALL YOU NEED“

GE CO

GECO offers the ideal introduction to the field of high-quality riflescopes and observation optics. A modern design, the use of selected materials and a level of optical and mechanical quality and performance that is unparalleled in this price class define a new standard. Despite their extremely compact and lightweight form, technical precision coupled with practical suitability for hunting and durability were the priorities during their development. With their focus on what is essential, these products are the perfect companions in any hunting situation.

GE CO BLACK

GECO Black optics take the extremely high optical quality standard of GECO Gold one step further. They also offer unbeatable value for money that is unparalleled in this class. These products were especially developed for sporting and tactical shooting. High zoom ratios, ballistic solutions, reticles in the 1st image plane and a central tube diameter of up to 34 mm define this class of very compact products. All the optical elements have a lens thread and are supplied with a flip cover as standard.

GE CO GOLD

GECO Gold optics stand for the highest levels of quality and performance. State-of-the-art coating technologies combined with the use of special types of glass and other high-quality materials define this portfolio of optical products with their outstanding performance characteristics. Transmission values, fields of view, edge definition and exit pupils compare favorably with premium class optics. Optimum ergonomics and an extremely compact and lightweight design are combined with the unrivalled value for money that GECO is renowned for. GECO Gold products stand for maximum reliability in any hunting situation.

GECO BINOCULARS

The binoculars in the GECO range offer the perfect introduction to high-quality observation optics with unbeatable value for money. The slimline, ergonomic design has been combined with high-quality materials. The entire housing is made of magnesium. Thanks to ED glass, multi-layer coating and adjusted optical calculation, they offer wide fields of view, high edge definition and excellent transmission values as well as a shortened close focus. Their ruggedness, low weight and optical performance make them unrivalled representatives of their type.

All models come with a tripod mount, carrying strap and hard case.

8x32 / 10x32
The perfect companion for virtually every observation scenario. Extreme compactness and low weight make for optimum handling. Their optics deliver razor-sharp images in good ambient light.

8x42 / 10x42
Thanks to a wide field of view, they offer an excellent overall view coupled with a steady image. Their optics deliver razor-sharp images in good ambient light.

8x56 / 10x56
Both powerful and effective. The compact and lightweight design combined with the very large field of view and the large exit pupil makes spotting relaxed and comfortable. The high transmission values create bright and high-contrast images for hunting till nightfall.

GECO RED DOT SIGHTS

GECO Red dot sights have been specially developed for the challenges faced when hunting fast-moving game and for dynamic sport shooting disciplines. The wide field of view facilitates quick and intuitive target acquisition. The scratch-resistant and coated lenses enable use even under the most difficult conditions. The finely dimmable illuminated dot, lightweight construction, high-quality materials and sophisticated design round off the high quality of the GECO red dot sights.

Red Dot 1x20
The ideal companion for driven hunts on difficult terrain. The finely dimmable illuminated dot with a diameter of 2 MDA facilitates quick, intuitive and reliable target acquisition in every situation. The built-in Weaver mount means the GECO Red Dot can be attached quickly and easily.

Red Dot 1x20 Gen II
The new waterproof GECO Red Dot 1x20 Gen II is a reliable companion for driven game hunting in any weather. The sight comes standard with clear flip-up covers so that a clear view can be had at any time. The adjustable 2 MDA red dot, which has 11 settings, helps to define the target quickly – even under difficult lighting. With low-energy technology and integrated Weaver base.

Open Red Dot Sight
The new GECO Open Red Dot Sight is exceptionally compact, lightweight and at the same time extremely robust. Thanks to the wide field of view, it is the perfect companion for hunting with an air rifle for targets at short to medium-range distances, with intuitive targeting. The fine 2 MDA dot is adjustable to six brightness levels. The specially coated and scratch-resistant glass lens prevents reflections. Extremely user-friendly battery replacement is possible on the side compartment even when mounted.

MultiDot
The GECO MultiDot is a robust and exceptionally flexible red dot sight. It has the capacity to switch between 8 different reticles (3 or 10 MDA dot circle dot, etc.) in either green or red without having to zero in again. There are 5 brightness settings, and the batteries are accessible from the side even when mounted. The integrated quick-release mount allows for fast mounting on Weaver/Picatinny rails.

NEW
The wide range of GECO rifle scopes offers a rifle scope for practically every imaginable situation. From stalking to hunting from a blind to driven hunts, from daytime to dusk and even nighttime hunting, but also for long range and sports shooting. The range includes riflescopes with 3x, 4x and 5x zoom, leaving little to be desired.

The 3x zoom rifle scopes catch the eye with their slender 1” tube diameter and extremely compact length and low weight. The optics from this range are excellently suited to be mounted on older mounts or weapons with a narrow build. The excellent optical quality is reflected in the very good fields of view and high transmission values. Large objective lens diameters ensure sufficient light reserves that extend into twilight. The illuminated GECOdot with automatic shut-off and the integrated GECOtrac target turret are unique features in this class.

The 4x zoom rifle scopes have a tube diameter of 30mm and stand out thanks to their optical performance specs for transmission, field of view and exit pupil. With the 3-12x56 and the 6-24x50, the range includes two absolute classics with outstanding performance specs for this price class.

The 5x zoom riflescopes with a tube diameter of 30 mm stand out for their optimized zoom factor and thus increased flexibility and versatility without sacrificing their high optical performance.

The GECO Gold binoculars are members of the absolute premium class. HD glass optical design combined with state-of-the-art multi-layer coatings results in outstanding optical performance in terms of transmission, edge definition, close focus and colour reproduction. Thanks to the GECOdrop hydrophobic coating, all optics are dirt- and water-repellent. The innovative microbridge results in a high-quality and particularly ergonomic design. A magnesium housing, a coated magnesium bridge and high-quality aluminium adjustable eyecups render maximum ruggedness with minimum weight. Diopter adjustment has been integrated into the central focusing wheel. If you are looking for uncompromising quality in binoculars with very good value for money, look no further. All models come with a tripod mount, carry strap, hard case and a 10-year guarantee.

1-8x24i

The all-rounder for virtually any hunting scenario. Thanks to parallax adjustment, the zoom ratio and field of view enable use ranging from drive hunting to precise distance shooting. A large lens diameter offers maximum accuracy, even in the most adverse conditions.

2.5-15x50i / 56i

This all-rounder covers the full range: from drive hunting to long-distance shooting. Maximum zoom ratio, wide field of view, fine illuminated dot and large exit pupil offer maximum accuracy.

8.5x50 / 10x50 / 12.5x50

Thanks to a good field of view, large exit pupil and HD glass, they deliver extremely bright, sharp and high-contrast images even in the most adverse lighting conditions. This enables observation and response over large distances, resulting in an impressive and unforgettable visual experience.

8x42 / 10x42

The products combine compactness and low weight with top-quality optical performance. They are the optimum companion for sitting, drive or stalking hunts. Thanks to the extremely short close focus, they ensure unforgettable perceptions of nature at even the shortest of distances.

GECO GOLD

**RIFLE SCOPES**

The GECO Gold riflescopes combine high zoom ratios with outstanding optical performance. They offer flexible use in virtually any hunting situation and in the most adverse lighting conditions, delivering excellent performance in terms of transmission, field of view and exit pupil. This is made possible by the use of state-of-the-art multi-layer coatings and optical calculations. Apart from the fine GECOd ift illuminated dot, emphasis was placed on a large adjustment range and tool-free resetting together with an integrated GECOtrac target turret. The extremely compact form is made from high-quality materials and includes an integrated lens thread. The high level of quality and reliability is reflected in the 10-year guarantee.

The GECO RF stands out not only because of its outstanding optics, but also due to its precise and reliable built-in rangefinder and its rock-solid ballistics. The magnesium housing and the high-grade aluminum eye cups make this binocular very robust, and therefore a natural companion for nature lovers. The GECO 10x50 RF unites top-grade optics with first-class laser technology at an attractive price. The GECO 10x50 RF comes already equipped with a carry strap and a hard case.

**10x50 RF**

The GECO 10x50 RF pairs a magnesium housing with a robust and shock-absorbing rubber armor so that it can offer an optimal protection for sensitive optical and electronic elements as well as moving parts. With the use of high-quality HD optics in combination with cutting edge multiple lens coatings, top performance in light transmission, field of view, edge sharpness and color fidelity are achieved. The distance to all objects from 10 to 1600 meters away can be simply and reliably determined at the touch of a button. In addition, the GECO RF can measure both angle of elevation (and corrected distance using the integrated ballistics calculator) and temperature.

**Order number** | **Model** | **Color** | **Exit pupil** | **Field of view at 100m** | **Close focus** | **Overall length** | **Max. Width** | **Measuring range** | **Weight**
--- | --- | --- | --- | --- | --- | --- | --- | --- | ---
241 42 61 | 10x50 RF | Green | 5 | 1.10 m | 3 | 160 mm | 130 mm | 10 m - 1.600 m | 1.000 g
240 64 79 | 10x50 RF | Black | 5 | 1.10 m | 3 | 160 mm | 130 mm | 10 m - 1.600 m | 1.000 g

**GECO BLACK RIFLESCOPES**

This class includes and 6x and 8x zoom with a 30mm and 34mm tube. It mirrors the outstanding optical performance specs of the GECO GOLD line, but was developed specifically for tactical and dynamic shooting. That includes high adjustment travel, the illuminated reticle in the first focal plane, the integrated target turret, as well as the included flip cover. You can be sure of high quality and reliability with our 10-year guarantee.

**1-8x24i (34 mm)**

The classical representative of a tactical riflescope in a military-style design. Thanks to its horseshoe reticle, intuitively fast shots at close distance can be combined with precise shooting over greater ranges. 1st image plane, 34 mm central tube and lockable target turret leave nothing to be desired.

**Order number** | **Model** | **Reticle** | **Zoom factor** | **Field of view at 100m** | **Central tube ø** | **Overall length** | **Weight**
--- | --- | --- | --- | --- | --- | --- | ---
240 37 22 | 1-8x24i | TAC | 8-x | 35.0 - 4.4 m | 34 mm | 273 mm | 770 g
240 37 23 | 1-8x24i | Horseshoe | 8-x | 38.0 - 6.3 m | 30 mm | 256 mm | 550 g

**1-6x24i (30 mm)**

Compared to its bigger brother, the 1-6x24i, the 1-6x24i has a tube diameter of 30mm which makes it significantly more compact. With its field of view measuring 38 mm and a horseshoe reticle in the first focal plane, this riflescope is perfectly designed for dynamic shooting.
GECO - ALL YOU NEED

HD glass for images with maximum brilliance
ED glass for razor-sharp images
Extended field of view for optimum observation
Lightweight, rugged magnesium housing
Eyecups made from highest-quality aluminium
Reticule in the first image plane for tactical shooting
34mm central tube diameter for large adjustment ranges
Tactical turret for fast and accurate bullet drop compensation

Tool-free resetting for ultra-fast locking
Extremely ergonomic thanks to the microbridge
Central focusing with integrated dioptre adjustment makes handling easy
Lightweight construction for optimum handling
Hard-shell carry case for maximum protection during transport
5-year guarantee (warranty on electronic components limited to 24 months)

GECObright – maximum transmission in even the most adverse lighting conditions
GECOdrop – dirt- and water-repellent, hydrophobic coating for clear sight
GECOcontrol – intelligent automatic shutoff for maximum energy efficiency
GECOcontrol – intelligent automatic shutoff for maximum energy efficiency
GECOtrac – height elevation and target turret in one for clear sight
GECO TR1 – Accurate long-range shooting without reticle adjustments

5-year guarantee (warranty on electronic components limited to 24 months)
10-year guarantee (warranty on electronic components limited to 24 months)
