

GECO - ALL YOU NEED

Press release
Fürth, March 7th, 2019

GECO PRIMERS - MORE CHOICE FOR RELOADERS

Fürth, Germany – GECO reloading components have been valued by sports shooters and hunters for decades and are synonymous with professional quality worldwide. The extensive GECO product range is now complemented with two new Boxer primers.

GECO reloading components have been valued by sports shooters and hunters for decades and are synonymous with professional quality worldwide. The extensive GECO product range has now been complemented with two new Boxer primers. Both the **GECO Small Rifle** as well as the **GECO Small Pistol** primers are highly developed and offer ideal value for money. Plus, the **GECO Small Rifle** and **GECO Small Pistol** primers ensure simple use and are distinguished by optimum sensitivity. Both are available in practical packages of 250, which have been purposefully tailored to the reloader's benefit.

GECO is a registered trademark of RUAG Ammotec, a RUAG Group Company

GECO is the abbreviation for the ammunition factory Gustav Genschow & Co., founded in Stralsund, Germany in 1887. Since 2002, this brand has belonged to RUAG Ammotec. Today, it represents a modern, broad and high-quality range of hunting and sport ammunition as well as targeting and observation optics with an attractive balance of price and performance.

RUAG Ammotec belongs to the Swiss technology corporation RUAG Holding AG, which is headquartered in Bern.

RUAG develops and markets internationally sought-after technology applications in the fields of aerospace and defence for use on land, in the air and in space. 56% of RUAG's products and services are destined for the civil market and 44% for the military market. The Group is headquartered in Bern (Switzerland). It has production sites in Switzerland and in 15 other countries in Europe, the USA and Asia-Pacific. RUAG generates sales of approximately CHF 1.96 billion and has over 9,200 employees – 400 of whom are trainees.
